

Delaware & Raritan Canal Cruise Sept 5, 2012 (rain date Sept 12, 2012)

Scenic Slo-mo cruise – narrow roads and low speed limits once we get to the Canal– enjoy the scenery and stay intact. Canal Rd is only 1.5 cars wide in many places – use caution. We will do half of one side of the canal and all of the other.

Meet at Alfano's Hillsborough on New Amwell RD (Towne Center Drive) just North on Rt 206 from RT 514 (Amwell Rd.) Going North on 206 turn right onto New Amwell.

Taillights at 6:45 pm – so if you want to eat first, please allow sufficient time so as not to delay the entire group or get left behind.

1. Exit onto RT 206 North (turn right) Go up about ¼ mile and exit onto Hamilton Drive.
2. Go over the high bridge (zero G) then first right onto No. Willow Rd. Go to the stop (T intersection).
3. Make a left onto Amwell Rd (we may get separated here – will regroup after the next turn.) – go to the light (about ¼ mile)
4. Turn right onto Willow Rd continue to S-curve (sweeping right then a left)
5. Take next left onto Township Line Rd – continue on to the stop (T intersection)
6. Make a left onto RT 533 North (Millstone River Rd)
7. At the light just past the airport turn right onto Wilhousky St (aka the Manville Causeway) - go across the Millstone River Bridge
8. About a 1/3 of a mile up, right where the road makes a sharp left – go right onto Weston Canal Rd. (Weston Canal Rd will morph into Weston Rd after a hard left.)
9. About ¾ of a mile after the hard left, make a right onto Mettlers Rd. (runs past the back of Colonial Park and the Rose Garden.)
10. At the stop sign go right onto Rt 514/Amwell Rd.
11. Make a left onto Market St. (just past the Millstone Valley FD on the right.) At the stop turn right onto Elm which becomes Canal Rd.
12. Continue South, going straight at the Blackwell Mills Causeway
13. In a little bit the road will make a hard left (as it becomes Suydam Rd) – make the first right back onto Canal Rd.
14. Continue South, going straight at the Griggstown Causeway intersection. Continue until the traffic light at Rt 518.
15. Go right onto Rt 518 towards Rocky Hill. Go to the light at RT 206
12. Then go right onto Rt 206 N
13. Go up ~900 feet (to light) and make a right into the Montgomery Shopping Center on Center Drive. Parking is on the right, the Thomas Sweet Café –, is on the left.

Ice Cream, Yogurt, pastry, gourmet coffee, Lattes etc. (live entertainment is only on the weekends)

As always, **if you lose sight of the car behind you, pull over** – this will control the entire train from the rear, not the front so no one gets left behind or has to try to “catch up.”

Thanks.

Mitch
