**GREETINGS FROM YOUR
ATLANTIC CARAVAN CO-CAPTAINS**

John and Mary Nist

Wow the month after next we will be on our way!
Time is really coming up fast and yes, we're
ready!

Our "Day at the Track " Meet
and Greet at the New Jersey
Motorsports Park turned out
to be a phenomenal day.
Something Mary and I were
hoping from the day we
signed the contract. It was
awesome to see 35 Corvettes
at one time.

We all enjoyed a sunny, warm day, drove on
Lightning Raceway and enjoyed some great food
and service from their staff.

CLUB SPONSOR FOCUS

Bluegrass Corvette Club

“Support of Community Events through the Corvette Passion”

The *Bluegrass Corvette Club* is a group of central Kentucky aficionados that come together to support charities and events in and around the Lexington, KY area.

Established in 2005, our club currently has around 100 members. Over the past 13 years the club has supported various local charities by donation in excess of \$68,000. We are also an annual supporter of the *National Corvette Museum*. Our members are frequent visitors to the museum.

We do a group trip with at least one or two overnights each year as well as many local one-day cruises, parades, and car shows around the central and eastern Kentucky areas. We have monthly club meetings with dinner and at least one additional monthly meet and greet dinner meeting.

We are a very diverse group of Corvette owners with lifetime collectors, modified show car owners, and those with restored and unrestored classics. We have every generation of *Corvette* represented in our club.

You can get more information about *Bluegrass Corvette Club* at our webpage: <https://bluegrass.corvette.club.org/home.html>

Follow us on Facebook at <https://www.facebook.com/groups/734395826734714>

The *Bluegrass Corvette Club* has a big surprise for everyone when we arrive at the Embassy Suites in Lexington Kentucky. We were sworn to secrecy so that is all we can say to you for the moment.

THE WOODFORD RESERVE

Time might be a little tight when we arrive into Lexington so we strongly urge anyone heading back through Lexington on their way home to visit the Woodford Reserve Distillery 7785 McCracken Pike, Versailles, Kentucky 40383. After a scenic country drive we were able to sample different bourbons, taste some delicious homemade Honey and Bourbon Ice Cream and sample Kentucky's own Bourbon Balls.

A bourbon ball is a Southern delicacy, invented by Ruth Hanly Booe of Rebecca Ruth Candy in 1938. Bourbon balls are bite-sized confections incorporating bourbon, and dark chocolate as an ingredient.

Ruth Hunt Candies, known for their Bourbon Balls, is located right off Route 64W Ext 110 which is our last chance to gas up before heading into Lexington. If you love Chocolate and Bourbon this is a must! Address is 550 North Maysville Rd off Exit 110 use left two lanes onto KY 11 S /US 460 E/ Maysville Road Ruth Hunt is on your right .6 miles up in Mount Sterling KY 40353. They make the Bourbon Balls for Woodford Reserve.

For those who may want to stop in Lexington on your return trip home Embassy Suites is offering the same pricing for August 31 and/or September 1, 2019. This will give you more time to do a Bourbon tour and /or horse farm tour. Please let us know if you would be interested and we will provide you with information as to how you can book your post night stay. **Call John Nist at (609) 752-9290.**

When we arrive at the *National Corvette Museum* in August, Parking Lot C will be a dedicated Handicap Parking Area. Transportation will be provided from Parking Lot C to Museum.

Congratulations to Marty & Laura Hegyi our Pennsylvania State Leaders for being recognized by *Cars and Coffee Magazine* 2019 Lehigh Valley. Cars and Coffee wrote an article recognizing them for their love and passion through the years for the *Corvette*.

CORVETTE LUGGAGE!

Jeff Duda aligned the Caravan Captains with a *Corvette* luggage distributor. Everyone who buys this luggage will get 25% off of the list price, which actually makes it quite competitive. **PLUS** the caravan will receive **5%** of the total revenue generated.

Luggage, something everyone on the Caravan is going to need for the trip, so why not have *Corvette* luggage!! This luggage is made in the USA and 98% of all the parts for the luggage are sourced from the USA, as well. Pictures do not do this luggage justice. It is extremely over engineered. The luggage is available in a variety of colors and all 7 generations of *Corvette* logos are available as well. The logos are embroidered onto the luggage, **NOT** a heat transfer logo.

Continued on the next page

What fits and where?

The pdf shown below shows an orange C7 coupe with four pieces of luggage in the back, the green C7 is a convertible with two pieces and the top down. The photos with the C5 Z06 show two pieces of luggage in the trunk and room for one more. The bags in the C5 and C7 convertible are the Carry-On III bags. And this offer is not just for the *Corvette* luggage, it is valid on the entire Club Glove web site. For the golfers in our group or for some of the larger pieces of luggage, not just the items that fit into a Corvette

For our folks traveling with us who live out of the United States and would like to purchase this luggage please let us know. **EVERYONE will receive a 25% discount off of your complete order by using promo code CRVNATL25**
